

GL11 Community Project

Support for adults with mild to moderate learning disabilities

On 1 November 2011 GL11 launched its latest programme: Sessional activities and groups for adults with mild to moderate learning disabilities.

On the first day, clients worked together making felt pictures in the morning, followed by a light lunch in our bright and airy dining room where they had a chance to get to know their new friends and the staff and volunteers at GL11. The kitchen was a hive of activity in the afternoon as everyone enjoyed the cake baking – and of course, the tasting!

From this you will see that GL11 is providing opportunities for social interaction, fun and a sense of belonging for vulnerable people within their own community. With our support, we will encourage them to form self-help groups where the strength of their collective voices can be heard. We are always keen to hear what clients would like to do, whether it's poetry, drama, photography, history, music, art/crafts. As individuals we all have different interests in life, and will do our best to respond.

Initially sessions are running on Tuesdays from 10 a.m. to 12 noon, and from 1 to 3 p.m. with a light lunch available in between.
